Hospitality

Looking for a unique hospitality opportunity? Host your guests at our VIP Guest Lounge. This rink-side lounge will be open for all three days of the competition and will provide an opportunity for your organization to invite clients, staff, and other stakeholders to watch the world's best short track speed skaters from an unfathomably close proximity and feel the breeze as they speed right past you; all over great food, refreshments, and a host bar. Select packages include an allotment of general admission tickets which can be used for giveaways, contesting, etc.
